

IN-PLACE IDENTIFICATION FOR LIVE UNSTRUCTURED DATA

Maintain an up-to-date index of all data sources relevant to your organization. Identify the information you need – before anything is ever collected – within hours, not months. assess] [HOLD lets you confidently reduce the amount of data to review, collect, and hold to lower all related costs.

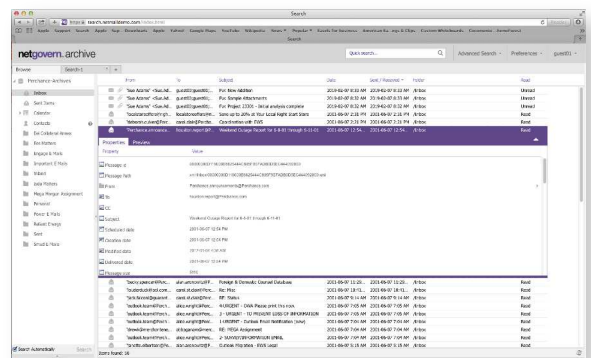

SECURELY COLLABORATE ON CASES WITH ANYONE

Avoid copying any sensitive data before it can be pre-reviewed. Role-based access ensure you can keep your case – or even parts of it – confidential even within your organization. Assign trusted resources to the roles of admin, case manager, members, and reviewers, each with leveled access.

SAFEGUARD DIGITAL EVIDENCE IN A CENTRALIZED REPOSITORY

Don't rely on custodians to preserve the ESI you need. Empower your legal team to prevent spoliation by handling defensible retention themselves. With assess] [HOLD , attorneys can place data under hold as they go or enforce a dynamic hold to continuously capture all data within scope. Even preview which data would be impacted by preservation criteria before moving forward.

Need to Connect to Another Location?

We're always making new connections. Let us know where you'd like to connect to here and your wish might come true faster than you think!

Ipro is reinventing the way organizations interact with their data.

By transforming the EDRM and thinking "upstream" we bring insight far earlier in the eDiscovery process, enabling teams inside and outside your organization to collaborate transparently at any stage, before data is even collected. By thinking about and interacting with your data differently, you'll eliminate waste and reduce risk.
