

Coming Soon: Procore + Sage Intacct Connector

Connect your based accounting and project management within Procore and provide field teams untethered access to financial data

Manage all of your projects from a single platform.

Procore will integrate seamlessly with Sage Intacct to synchronize financial data for all of your projects. Have the confidence in your project's financial data to make decisions from the field.

* Includes Budget Modifications

NOTE: This represents the planned functionality for the initial integration release. Functionality subject to change.
