

# Develop a high performing workforce

One employee feedback solution to drive engagement, improve belonging and inclusion, boost wellbeing, and more

The pandemic and its unprecedented rate of change has been disruptive to every business. As many businesses prepare to reopen, collecting and acting on employee feedback is pivotal to strategic change management initiatives.

**SurveyMonkey Enterprise** provides an intuitive, scalable, and integrated solution that speeds rich, shareable insights. Unlock the value of feedback across your organization with the only feedback management platform that's seamlessly integrated, intuitive for users, and delivers speed to insights.

## Drive engagement in crises

Leverage our Return to Work solutions to easily stay connected with employees, understand their needs and sentiments, and make informed policy decisions that build employee confidence as your business reopens.

## Improve belonging and inclusion metrics

Create proactive policies and action plans for workplace happiness, DE&I, and more, with integrated, holistic employee insights.

## Boost employee wellbeing

Connect your employee check-in results with your business intelligence tools to quickly spot trends and uncover areas that need critical attention and action.

### Case studies

Reduced attrition rates across 160 stores by reducing dissatisfaction and scaling best practices nationwide.

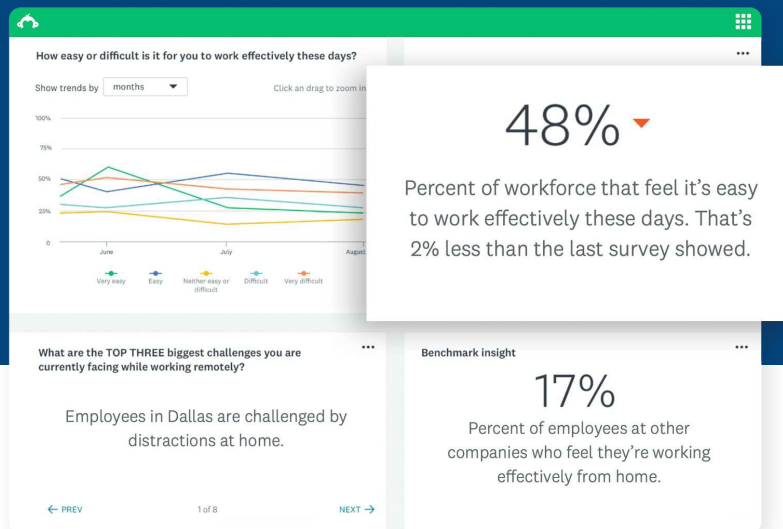

Supported a 40,000+ global workforce by tracking employee engagement at scale, and insights into action.

Collected 10,000+ daily employee COVID-19 check-ins and saved \$9,000 a day in overtime.
